

Deuel Community Kitchen Application

This application is stating your seriousness about your product and success. The DCK is however able to be used for experimenting with a recipe, but with the idea of actually creating a business and future with it. Please be sure to keep in touch with DADi as to progress and product future.

Please answer in clear detail the following questions: (If more space is required, please follow on back of the sheet.)

1. Please explain your intended use for the kitchen and the product(s) you plan to make (i.e. baking bread, canning tomatoes).

2. Please list the equipment and/or appliances your recipe will require and describe the process you will use.

3. If you have a Business Plan, please attach it to this application. (A business plan is imperative if you are thinking seriously about your product and your business.)
4. Describe your marketing plans (i.e. selling to grocery stores, farmers markets, restaurants, etc.).
5. List the labeling requirements for your product.
6. What are your short term (6 months – 1 year) goals for production and marketing of this product?

Please Note: *The DCK is not designed for ongoing use once your product is up and going. Ideally we hope success follows to where you'll be able to support yourself and your own kitchen. Should this not be an option, we will then need to visit about a Phase 2 of kitchen use.*

7. What are your long term (2 – 5 years) goals for your recipe and the future of the product?

Please sign the following waiver of liability:

“I will not hold liable the Deuel Community Kitchen; Deuel Area Development, Inc.; Deubrook Area School District or its employees; Kitchen Liaisons; or other associated parties of these institutions in the event of an injury, spoiled product or other similar event occurring during or as a result of kitchen use.”
